

GODWIN BAND BOOSTER COMMITTEES – VOLUNTEER DESCRIPTIONS

CHAPERONES

Parents are needed to accompany students on all band activities. Our band cannot go anywhere or do anything without the support of our parent chaperones. This includes summer Car Washes, Band Camp, all Football Games, the Christmas Parade, Competitions and any other trips. Duties include “everything that is needed” from carrying water jugs and medical bags to watching over students in the stands and as they march from area to area. Chaperones coordinate and serve meals before games and on trips and generally ensure the safety of our students. **Guardmom’s or Dad’s** are special chaperones who have special duties with the Color Guard.

CONCESSIONS

This Committee is part of our larger fund-raising activities. Concessions are offered at least twice a year at our big competitions (Fall Marching Show/Spring Indoor show). We also offer concessions for special activities at Godwin involving district or statewide events hosted by our school. We sell food and drinks to the participants and their audience to make money for the program.

EQUIPMENT

No band travels light and the Godwin Eagles are no different! We have large amounts of equipment that must be moved from storage areas and vans to performance areas. For home football games, equipment is moved to the stadium before the game, onto the field at halftime and back to the band room after the game. The Equipment Committee is also responsible for the transportation of equipment and uniforms for away games, competitions and other events. This group also maintains our vehicles and trailers.

HOSPITALITY

This committee is responsible for organizing the Band Camp Picnic, Senior Night Dinner and the Spring Band Banquet. This committee also organizes the donation of items, set up and clean up for refreshments at different events during the year and provide food to judges for special competition events.

MEMBERSHIP

This committee is responsible for tracking all Booster members, collecting booster fees and tracking membership information. The Membership Committee is active on Fee Day and assists with other activities as directed by the President.

NEWSLETTER

We communicate with our band parents and students in a variety of ways, but our newsletter is a publication that is sent out electronically to Band Booster members on a regular basis throughout the year. The newsletter editor collects information, prepares the electronic mailing and distributes this information (via e-mail) to the Band Parents.

PHOTOGRPAHY & TRIBUTE BOOK

We catalog pictures of band members and parents involved in every event. This committee is responsible for collecting and taking photographs throughout the year, assisting with putting together the Tribute book, keepsake albums for seniors, providing pictures for the senior slide show. These parents take pictures, collect them from others and make them available on electronic sites. Tributes from parents and ads from companies offset the cost of our Tribute book each year. The Committee solicits these ads during the year.

WAYS AND MEANS

This committee is responsible for helping and coordinating our many fund raising efforts throughout the year. While fund raising is part of every student and parent's job, this committee helps identify projects and fundraisers and coordinate their execution. This is one of the main ways that we support all Godwin Band Programs, which keeps our membership fees low.
